

# Wycombe Rye Lido

Having fallen into a run-down state Wycombe Rye Lido closed its doors a few years ago. However, this stunning refurbishment has breathed new life into this much-loved local amenity. The Lido now offers a state-of-the-art-gym, studios, bistro and wet and dry changing areas, along with one of the last few outdoor pools in the country, fully refurbished as part of the project.

The original building, having been previously extended, was updated and improved sensitively, giving new gym and studio accommodation with excellent views over the outside pools.
